No. of Participants	4
Registration Fee	Rs. 100
Event Location	B4

Rules

- Observation Round: Teams enter their selected room and have a set amount of time to observe everything inside without touching or moving anything.

- Question Round: After the observation period, teams move to a different room and are asked a series of questions related to the room they observed. Questions can pertain to specific items (e.g., windows, chairs, books), colors, or other details.

- Scoring: Teams earn points based on the accuracy of their answers. Each correct answer earns points, and partial points may be awarded for close guesses.

- Rotation: The process is repeated for multiple rounds, with teams observing different rooms each time and facing new sets of questions.

- Bonus Round: To add excitement, a bonus round is included where teams have to solve a puzzle or complete a task related to the rooms they have observed.

- The team with the highest total score after all rounds wins the game.

- Note: Photography or videography is not allowed, and teams are prohibited from taking notes; observations must be made mentally.
